Seasoned To Sustain

Established in 2016, Crystal Electromechanical Cont. (CEMC) Engineering services in 2016 AJMAN, United Arab Emirates dealing with Industrial fabrication, maintenance & machinery assembly, Installation, testing & commissioning within a short Span the group has expanded and diversified into the high growth industries, Oil & Gas, Power, chemical, Cement, Sugar, Feed mills.

The group currently Have over 120 skilled employees of different nationalities. The group's existing business portfolio, spearhead by Mr. Muhammad Tayyab.

WHY CHOOSE US ?

Establish a strong foundation of trust is key

with our Employees, Partners and most Importantly our Customers.

INTRODUCTION

- ❖ Crystal Electromechanical Cont. is a leading and economically efficient, committed organization vying to fulfil the requirement of industry.
- ❖ Crystal Electromechanical Cont. was established in 2016 and has achieved many milestones in service industry and regrouped to deploy its forces to implement and follow strictly quality system which has made Crystal outstanding company as roll model for other competitor's Continuous improvement & diversified activities today.
- ❖ Crystal stand all among others to have many divisions in its fold to cater the requirement Crystal is devoted to provide the higher level of dedication to satisfy its customers. In delivering value to their engineering operations. Its aim to fulfil this desire by maintaining superlative quality across all its services and solidifying the philosophy of a customer-focused mindset.
- ❖ Crystal is backed by the team of Professionals comprising of engineers, Technicians, planners and financial experts ensuring all the projects undertaken are Completed to the exacting global standards on time every time.

THE POWER WITHIN FACILITIES

- ❖ With a state-of-the-art manufacturing facility, the utilizes the latest equipment and technologies and covering an area of more than 11000 sq.ft. Crystal aim to be a leading global process system provider for Oil, Gas, Petrochemicals, Power Generation, Chemicals, Edible Oils, Grain Storage & Food Processing industries.
- ❖ All of this will be made possible with round-the-clock support of a team of hand-picked engineers, skilled workforce, and administrative staff of different nationalities once in its full potential. We give complete solution for all the below activities.

- ❖ **Designing**

- ❖ **Procurement**

- ❖ **Fabrication**

- ❖ **Assembling & Installation of Grain Storage Silos.**

- ❖ **Structural & Piping as well as stainless steel fabrication**

- ❖ **Process Piping spool fabrication**

- ❖ **Heat Exchangers**

- ❖ **Structural Refurbishment**

- ❖ **Electrical & instrumentation**

- ❖ **Inspection & Testing**

- ❖ **Blasting (Hydro/Grit) & Painting**

- ❖ **Insulation & Cladding**

- ❖ **Delivery at Site**

- ❖ **Engineering Design:** Engineering Design is a process that consists of a series of continuing steps that leads to a complete solution to a problem. The solution may involve designing a product or a whole project to accomplish a certain task.

Crystal expertise on engineering services and with our international experience, we provide best solutions at the right cost. We also specialize in Structural Erection and extreme service conditions of highly sour services and all other sever /lethal service.

- ❖ **Structural Steel:** Structural steel work is an integral part of most civil industrial, marine and offshore projects. With our own design engineering, fabrication, installation and quality control teams, we provide total solutions in structural steel requirements.

Crystal is totally committed to provide Quality services and products in accordance with the international codes and standards of AISC, AWS, and EN and many other codes and standards Which would be specified be the client

- ❖ **Assembling & Installation of Grain Storage Silos & Conveying System:** Grain storage silos & grain conveying systems are an integral part of food industry. With our own technical, fabrication/assembling, installation and quality control teams, we provide total solutions in installation/Maintenance of grain storage silos & grain conveying system requirements.

Crystal is totally committed to provide Quality services and products in accordance with the international codes and standards of AISC, AWS, and EN and many other codes and standards Which would be specified be the client

- ❖ **Skid and Piping Packages:** Our Advanced workshop infrastructure is complete with sufficient floor space and lifting capacity. The crane enables us to serve our customers with a wider scope. i.e. skid mounted units built within our facilities in a dry and clean environment.

Crystal Group undertakes turnkey pipe work system design and installation services to diverse industrial applications. Pipe work system for high pressure pipelines cooling water hydraulic control systems, firefighting systems, etc. are offered in wide range of specialist materials

WHAT WE DO

❖ **Surface Preparation & Application of Protective Coatings:** Surface preparation & application of protective coatings are an integral part of enhancing life of industrial equipment for their long operational life on corrosive or immersed environments. With our own technical, Blasting, Painting and quality control teams, we provide total solutions in surface preparation & application of protective coatings on steel structures, oil storage tanks, conveyors, pipe lines, air intake ducts, boiler structure, turbine enclosures & other industrial equipment as per requirements.

Crystal is totally committed to provide Quality services and products in accordance with the international codes and standards of AISC, AWS, and EN and many other codes and standards Which would be specified by the client

WHAT WE DO

- ❖ **Desalination Plants:** In order to ensure uninterrupted and successful operation of desalination plants. Crystal Group offers a flexible and diversified approach. We have the expertise, equipment and skilled manpower to design, fabricate and assemble plants of different capacities at site. We can also pre-assemble plants. In modular form with a range of process equipment such as gas fired heaters, furnaces and evaporators in all types of materials.
- ❖ **HVAC:** Installation of new air conditioning units also experienced in installing HVAC system ranging from 1TR to 300TR in different industries. Air cooled and sea water cooled systems can be installed and commissioned with available references to our quality of work

WHAT WE DO

❖ Electrical & Mechanical:

- Ship wiring
- Panel Fitting
- Cable laying
- Cable tray laying
- Bilge Panel for ships
- Alarm panel for ships
- Navigation Panel for ships

❖ Panels Installation:

- Control Panel
- Starter panel
- Synchronizations panel
- Navigation panel
- Bilge panel
- All kinds of generator controls and panels

❖ Installation of Impeller & Pump's:

- Booster Pump Repair
- Circulation Pump Repair
- HVAC Pump Repair
- Self-Priming Pump Repair

Portfolio

- ❖ Our strategy is to ensure that high quality, cost-competitive services are provided from the best possible mix of onshore and offshore locations. This enables our clients to respond quickly to changing market dynamics.

PROJECTS

- ❖ We're putting in place, strong foundations and fundamentals to consolidate Crystal as a safer, more trusted, more reliable & more valuable company.
- Assembly & Erection of Feed Silos at Zabeel feed mill
- Assembly & Erection of flat bottom silos with walkways & structures.
- Assembly & Erection of big hopper silos with walk ways & structure
- Fabrication & Installation of Gas Pipe Line.
- Installation of heavy equipment
- Cable laying and connecting with the equipment.
- Assembly & Erection of Small hopper silos with walkways.
- Assembly & Erection of chain conveyors for feed silos.
- Dewa Substation Modification of Structure.
- Manpower Supply Light Weight Structure Abu Dhabi & Dubai.
- Installation of Electrical Panel 150 KM Cable Laying & Piping Insulation.
- Maintains work Modification of conveyor's, Struthers
- Installation of 05 Nos of Silos 8000 Ton Capacity of each Silos, Tower Structure Design, Fabrication & installation, Chain conveyor & Walkways, Shuts Complete Package with commissioning.
- Replacement of 13 Nos of Cooler baghouse fans, Ø 4.5 M duct fabrication & installation Structure Fabrication & installation 02, Nos Pre Heater ID Fan Replacement.
- Piping fabrication & installation at Asphalt Plant.
- Assembling & Installation of Chili, Turmeric, Cryogenic & Sterilizer Unit for Fresco NZ at GMG Foods.
- Piping SS316L fabrication & installation at Iffco Chemicals.
- Fabrication & Installation of SS316L Shell & Tube Heat Exchangers.
- Refurbishment of Air Intake Ducts of GT-1, 2 & 3 of E-Station, Dewa.
- Sand Blasting & Application of Protective Coatings on Internal & External Side DFO Tank Q-7B of E-Station, Dewa.
- Sand Blasting & Application of Protective Coatings on Internal & External Side MFO Tank 3D of D-Station, Dewa.
- Refurbishment of Air Intake Ducts of Re-powering of GT-11 & 13 of D-Station, Dewa.
- Refurbishment of Trough Chain Conveyor Casing Plates for Buhler DMCC at Iffco Middle East Oil & Grain Products Facility at Hamriyah Free Zone, Ph.1, Sharjah.
- Extraction K160 New Mounting Conveyor's Electrical & Instrument Work
- HDP Duct under Ground & Underground Water line repairing
- Installation MDB Panel, Power Cable laying, Control Transformer & RMU Cable Laying & Testing & commissioning, Cable ladder installation
